How to Find Us

Our Venue

The McMillan Theatre is a state of the art 350 seat professional theatre, part of Bridgwater and Taunton College and the newest theatre space used by the AETF in the Western Area

The first spade in the ground for its construction took place in January 2014 and the hand over from the construction company taking place in July 2015, with its first production by Performing Arts students at the College following shortly after.

Local Attractions

Bridgwater is an attractive market town on the River Parrett, surrounded by the Somerset levels.

Nearing Bridgwater on the M5 the landscape is dominated by the Willow Man Sculpture, a striding human figure constructed from willow, sometimes called 'The Angel of the South'. Standing 12 metres tall it was created by sculptor Serena de la Hey and is the largest known sculpture in willow, a traditional local material.

- Local attractions include **The Blake Museum**, the birthplace of Robert Blake. A charming museum dedicated to the history of the local area.
- The National Trust's **Montacute House**, an Elizabethan Manor in the picturesque village Montacute.
- The City of **Wells**, including the Cathedral and the Bishop's Palace and gardens.
- **Hestercombe Gardens**, fifty acres and three centuries of lovingly restored gardens to discover and enjoy.
- The climb to the 15th Century tower of **Glastonbury Tor**, offers spectacular views of Somerset, Dorset & Wiltshire,
- Those in search of a little retail therapy can visit **Clark's Village** Factory Outlet in Street: boots and shoes galore.
