

The AETF 'PRF' PLAY STATISTICS FOR 2016

			TYPE of PLAY	TYPE of ENTRY	No. of 'M'	No. of 'F/M'
30 1st round festivals.	With 283 entries. 2 Cancelled or not scheduled festivals. 285 Total, taking in the 'cancelled festivals'.	Total number of 'ORIGINAL' plays:-	43	224	AETF festival entries.	
		Total number of 'anon' plays:-	3	40	Adult entries un-willing to proceed.	
		Total number of 'not original' plays:-	237	19	Youth entries un-willing to proceed.	
		Total number of 'NO info. provided' are:-	2	2	Cancelled festivals.	
		Totals:-	285	285	656	1004
There were a total of	283	entries this year in the AETF's family of Festivals, all of whom took part in the	30	1st Round Festivals.		
Unfortunately of the	283	entries that participated in the PRF, failure to make returns means that only	229	are accounted for.		
It is interesting to note that	34	of these were monologues or duologues, whilst there were some	31	three hander's,		
equally, there were	84	performances with between four and seven characters and	80	which had over 8 characters.		

THE MOST PROLIFIC PLAYWRIGHT WAS:-

David Tristram had 4 plays performed at 5 festivals

Nick Warburton had 6 plays performed at 4 festivals

Mark Wheeler had 4 plays performed at 2 festivals

There were a number of groups who took the same play around two or three festivals, I have tried to excluded these from being considered under prolific playwright.

There were three authors this year, who each had three different titles appearing within the festival scene.

THE MOST POPULAR PLAY WAS:-

No play was performed this year at more than three different festivals.

THIS YEAR THERE WERE:-

283 performances, of 187 different 'Plays', written by 153 playwrights.

This shows that there a fairly large number of groups who enter two or more festivals with the same play.

NOTES

- 1 ALL 'PLAY STATISTICS' RELATES TO PRELIMINARY ROUND FESTIVALS ONLY.
- 2 ALL INFORMATION FOR THESE STATS IS TAKEN FROM THE PROGRAM FOR THE FESTIVAL CONCERNED.
- 3 No account is taken for plays put in by the same group in different festivals.
- 4 No account is taken for the same original play taking part in different festivals.
- 5 The discrepancies are caused by the failure of some Preliminary Round Festivals to provide the information in there program's.
- 6 If a copy of the program is not supplied then the:-
 - Number of 'nights' is taken from the brochure!
 - Number 'plays' is taken as three per night!
 - Assumption is that all entries are AETF!
